

## Forest Manor Community Health Center, Wishard Memorial Hospital

- Located in Indianapolis, IN
- Project Description: The 32,000 s.f. multilevel renovation for a new ambulatory health center, located in an urban area, is a free standing facility which formerly housed a supermarket and retail shopping center. Forest Manor provides a full complement of health services to the community such as internal medicine, pediatrics, OB/GYN, family planning and dental. The center also includes diagnostic radiology facilities, a laboratory and a pharmacy. Classes are provided for nutrition education, prenatal care and substance abuse, among others.
