

Greenfield Junior High School

- Located in Greenfield, IN
- Owner: Greenfield-Central Community School Corporation
- 160,000 s.f. new construction
- Project Description: The new Greenfield Junior High School has a pupil capacity of 850 students for grades 7-8. Designed around a teaming concept, the new building will consolidate two existing middle schools into one building. The program includes a unique LGI/Cafeteria space which allows for the separation of activities or the unification of the space to provide for large convocations or performances. The central location of the building's media center and technology spaces provide for the separation of grade levels and teams, but easy access for students and teachers to shared areas.
- In Construction
