

## Jasper High School

- Located in Jasper, IN
- Owner: Greater Jasper Consolidated Schools
- 136,450 s.f. new construction, 223,000 s.f. renovation
- Project Description: Additions and renovations of Jasper High School ease overcrowding and provide a variety of educational and athletic opportunities. Additions include an academic wing with special needs, English, foreign language, math and industrial technology classrooms, three computer labs, two physics classrooms with a lab, and an industrial technology lab. A main entry, administration and maintenance area also were added. Athletic improvements include an auxiliary gymnasium, four lane fitness track, pool with spectator seating, a wrestling room, locker rooms, training room and athletic offices. Specific renovations include administrative, guidance and clinic areas, auditorium, science labs, visual arts classrooms, industrial technology labs, music areas, family and consumer sciences, special needs, visual arts, language and large group instruction. Jasper High School also initiated technology upgrades.
