

Sandy Hook United Methodist Church

- Located in Columbus IN
- Owner: Sandy Hook United Methodist Church
- Project Description: A new facility, provided seating for 300 people with movable pews for flexibility. Project included a small chapel, fellowship area, kitchen, administrative and Christian Educational Spaces. The design considered the congregation's attitude toward religion both present and future in conjunction with the Methodist liturgy and community's attitude toward architecture and religion.

Honest Use of Materials: Wood and Brick
